

New tester tubs from Equimins

Equimins has expanded its tester range to include Fly Repellent Gel 3535, which is now available in a 50g tester tub, costing just £2.50.

The effective, long lasting fly repellent gel was launched last year after extensive trials carried out by Equimins the previous year. The clear gel contains 15% Ethyl Butylacetylaminopropionate, better known as IR3535, which helps to repel biting insects such as flies, mosquitoes and midges; is considerably less toxic than Deet, and also lasts longer.
